Beggars' Opportunity.

One day a week the beggars of Costa Rica are privileged characters. That is, on Tuesday they are allowed to beg from shop to shop. It is the custom for business houses to prepare for the weekly visit of the mendicants, and to hand over to them small coins or articles of little value. In some instances where merchandise is given away the beggars peddle it about the poorer quarters and so earn a few cents apiece.

"Cozy" is Hardly the Word to Use.

"Of course," said Mrs. M. T. Cackler, "it is real nice in the newspapers to describe the new Muehlebach hotel as cozy and homelike, but I should call a building with a tea furor and a cafe centurion, with marble floors and pillows of lapsus linguae and malefaction, and with gleaming chandeliers impending from the doomed ceilings, a great deal more rotund than cozy."—Kansas City Star.

Company's Position.

As the head of an insurance company, he decided to visit one of the districts which showed a falling off in business, and quietly investigate. While thus engaged, he was asked how his company found business, speaking for itself. "Oh, we will be about half a million ahead the first half of this year," he replied. "Ahead of what?" "Why, ahead of the undertaker."

Usefulness in Growth.

Michel Angelo said: "The more the marble wastes, the more the statue grows." It is painful to see the chisel cut away the precious stone, but if grace and beauty follow, the process is worth while. Many of our losses are only the chips of stone that must fall away before the image of the Lord appears in human life.—The Watchman-Examiner.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circular, free.

Long Envelopes.

When a person has use for a long envelope and none is at hand, two small envelopes will answer the same purpose as well. Cut the right end from one small envelope and the left end from the other, and place one inside the other so that the open ends lap, then paste them at the edge. An envelope of the desired length can be manufactured in this way, and it will look almost as well as a regular long envelope.

Slightly Mixed.

The ex-bishop of Manchester, the late Doctor Moorhouse, was one of the happiest and wittiest of churchmen, and was never more pleased with himself than when telling a good story. One of his favorites was that of the old lady who startled a missionary on his return from India with a question which showed how dangerous a little knowledge is. "Pray, my lord," said she, "is it true that in India you call the female converts zenanas and the male converts bananas?"

Innocence Rewarded.

"I hope," said Mrs. Cornsossel, "that you'll be careful not to take any counterfeit money while you're in town." "I never bother about suspecting my fellow men," replied her husband. "If I study out a piece of counterfeit money it's impossible to offer it to anybody without my hand tremblin', but if I pay no attention it's about as easy to pass it on the next feller as it was to pass it on me."

His Discovery.

After a visit to a well-known entomologist, whose wonderful microscopes have proved that there is always some living thing to be found preying on the last of the minutest creatures last seen, a New York writer turned to him and said: "I came here believing myself to be an individual. I leave knowing myself to be a community."

The Colds Of Mankind Cured By Pines!

Have you ever gone through a typical pine forest when you have a cold? What a vigorous impulse it sent! How you opened wide your lungs to take in those invigorating and mysterious qualities. Yes, Dr. Bell's Pine-Tar-Honey possesses those stimulating qualities and overcomes hacking cough. The inner lining of the throat is strengthened in its attack against cold germs. Every family needs a bottle constantly at home. 25c at H. F. Pitts.

On the Safe Side.

"Why are you so anxious to be friendly with old Smuthe?" we ask our acquaintance. "Even if he were your friend he wouldn't do anything for you." "I know that," replied our acquaintance, who occasionally ties up his money in stocks. "What I want to do is to have him so friendly with me that he won't do anything to me."

Sensible.

"The greeting 'How are you?' doesn't seem to me to represent any sincere and sensible inquiry," remarked the man who thinks hard about trifles. "That is true," replied Miss Cayenne. "When I meet several people I know I am always tempted to say 'why' instead of 'how.'"

Sure of His Facts.

George made a statement to his aunt which she rather doubted, and asked, "Are you not mistaken?" He replied, "Aunt, when I tell you it is, it is."

Mistaken Apprehension.

The mere apprehension of a coming evil has put many into a situation of the utmost danger.—Lucan.

HELP

Ase is in California and wants to come home, but he is broke and I have spent all my money at the Fair so we will have to have some help or Ase will stay where he is. If you will all come in and buy some meat, groceries, a few vegetables, a little candy and some tobacco and cigars we will be able to get him back. Another thing is that a few of you owe us a little and I guess you have forgotten it as you have been owing it for some time. Now is the time to show you are a good fellow and come in and square your account. I have sold the most of that vinegar I told you about last week but I still have a little for you.
